Solutions for– Microdermabrasion, Micro Current, Ultrasound, LED Light Therapy, Cryotherapy, Thermotherapy

DERMACO PRO VX developed as a unique **6 in 1** machine offering exceptional value to the Professional Salon of 2014. This British made machine is affordable without compromising on build quality, ensuring the **DermaCo Pro VX™** offers the best value. The machine takes little space in your salon only weighing 20kg and is delivered with a FREE purpose built stand. All of our equipment is covered with a 12 month guarantee.

To view the 5 minute video showing examples of our treatments on the **DermaCo Pro VX™** please visit www.dermacoskincare.co.uk There is also an example of unsolicited testimonials for your interest.

FREE Demonstration in your salon.

We offer a FREE no obligation demonstration from one of our fully qualified field demonstrators throughout the UK contact DermaCo head office. If you decide to purchase the machine, we train your salon staff (up to 4 free) in the comfort of your salon or if you prefer you can attend our training centre in Tetbury. We take Customer Support seriously and this is of paramount importance to DermaCo.

Part Exchange old outdated equipment.

We offer a minimum of £500 on a trade-in and up to £1500 depending on the equipment you wish to dispose of. Here is a thought. We absolutely never ever *"test our machine on celebrities"*hence the affordable purchase price 😊
