### In Summary

The DermaCo Skincare range has been produced in close cooperation with MONU Skincare. Using pure ingredients that provide natural care for the skin, these gentle, naturally pure professional beauty products are formulated especially for DermaCo Skincare thus forming a unique partnership with an internationally renowned professional skincare company MONU, plus the leading supplier of non-surgical treatment technology equipment.

DermaCo was established in 2009 with the single aim to provide beauty professionals with the most technologically advanced equipment in Europe. DermaCo are pleased to be developing and manufacturing products in the UK to be sold in the UK beauty market. With many years of experience within the industry the company are able to offer their clients affordable, unique and professional products of high quality.
